

POLICY FOR BRINGING MATERIALS INTO KLRF

1. Email KLRF Superintendent at klrfsuperintendent@gmail.com
2. Make a request to backfill and the amount of backfill. If it's a minimal amount those requests may be granted within a 48-hour advanced notice on a case-by-case basis
3. Large amounts of soil require permits from the city and county of Honolulu.
4. Soil analysis is required from where the dirt is coming from for those large loads.
5. It must be a current, uncontaminated, soil analysis report.
6. The report must be submitted from that job and only that job.
7. No Hazardous materials or waste.
8. No chunks of concrete and asphalt, garbage, roofing materials, big logs, and tree trunks are not allowed.
9. **Absolutely No Coconut tree materials**
10. The Lot needs to be free of delinquencies and violations which will be verified.
11. Only registered owners will be granted permission once these conditions are met.
12. No renters, trucking companies, or contractors allowed.
13. Trucks will be checked at the gate and may be turned around if they do not meet these conditions
14. All trucks need to be up to date with current registration, safety check, and insurance.

KLRF is an Agricultural (Ag) establishment. AG-1 Zoning. Only Ag related businesses. No construction base yards are allowed. No truck hauling company base yards allowed. No auto body shops allowed. No mechanic shops allowed.

Contact the Farm Superintendent Elliot Arana- email preferred at klrfsuperintendent@gmail.com or 808-784-8020 text messages preferred, leave a voicemail if no answer and I will get back to you as soon as possible.
